LIGHT! LIGHT! LIGHT!—A GREAT VICTORY! Camphene and Fluid exterminated, and Coal Oil is King. The UNION COAL OIL BURNER gives the greatest light the world ever saw from one single lamp, with no danger by explosion, and at half the cost of anything now in use. Camphene lamps altered at a small expense to new use. Lamp Oil, Coal Oil, Kerosene, &c. None of these lamps are genuine without my stamp of patent applied to front of the burner, and without which it is impossible to make sell, or use my improvement. Lamp oil will burn at 100°, and kerosene at 120°. I have never known Mrs. Winslow—know her only through the preparation of her "Soother Syrup for Children Teething." If we had the power, we would make her as she is, a physical servant to the infant race.
